

A WARM AND INSPIRING COMMUNITY WHERE **DISCOVERY BEGINS**

Two Institutions. One Shared Legacy.

THE FOUNTAINHEAD LEGACY

AN ESTABLISHED NAME IN INDIA'S IB EDUCATION LANDSCAPE

RANKED 4th NATIONALLY - CFORE SCHOOL RANKINGS 2026

In 2008, Fountainhead was built with one belief that education should develop who a child is, not just what they know. Today, that belief has shaped 4500+ students, earned national recognition, and become a model that other schools study.

What Fountainhead Is?

An IB Continuum School and MSA-CESS accredited institution, offering a full continuum from Early Years through IB Diploma - for students aged 3 to 18. Through our MSA-CESS accreditation, students may also earn an American High School Diploma (grade 9 to 12), recognised by the Association of Indian Universities as equivalent to Grade 12.

What Fountainhead Does?

Develops leaders with character and competence. Not through rote learning or rank chasing but through inquiry, reflection, and the kind of education that stays with a person long after the exams are over.

What Fountainhead Stands For?

Creativity, Fitness, and Intellectual rigour in equal measure. A campus where 2,600 young minds arrive each morning genuinely eager to learn, surrounded by green fields and a faculty that takes that eagerness seriously.

Chronicles of Progress

PEDAGOGY THE WORKS

LEARNING MODEL

Fountainhead School has spent 18 years practising, learning, and perfecting what great IB teaching looks like in an Indian classroom.

With students at the center of everything we do at Fountainhead School, we place strong emphasis on fostering a love of learning.

Our pedagogy is learner-centred and aims to create a positive and supportive environment. We believe that learning needs to be goal directed and with that in mind, we offer experiential learning opportunities through innovative curricular practices and teaching methods.

We help students develop strong academic competencies while equally valuing physical fitness, creativity and social emotional wellbeing. The values instilled in our students aim to cultivate skills, attitudes and character required for long-term success.

“Fountainhead School is not just ranked, it is also recommended by parents who have seen what an IB education does for their children's confidence, character, and career.”

Proven University Outcomes

FS graduates have earned places at leading universities across the UK, USA, Singapore, Hongkong, Canada, Australia, and India's top institutions.

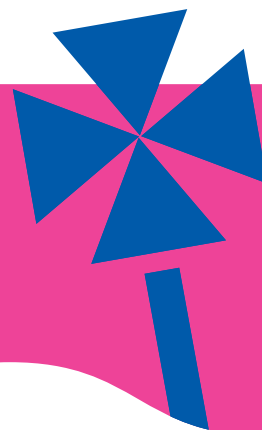

Affiliated with MSA

Fountainhead School is MSA-CESS accredited to offer an American High School Diploma (Grades 9 to 12) recognised by the Association of Indian Universities as equivalent to Grade 12, enabling students to apply to colleges in India and worldwide.

EARLY YEARS AT FOUNTAINHEAD

A DAY IN LIFE *

Early Years at Fountainhead Avadh Learning Hub (FALH)

No two days are identical and that is entirely by design. Each day at FALH is a carefully considered balance of rhythm and freedom, calm and curiosity, individual exploration and shared discovery.

A Philosophy Rooted in Steiner Inspiration

From a young age, children at FALH begin life skills training through immersive, joyful sessions in cooking, handwork and artwork. Our dynamic curriculum fosters communication fluency, real-world connection, concentration and reflective thinking woven through circle time, block play and storytelling sessions led by our expert educators.

Head, Hands and Heart

Our classroom practices and learning engagements are built around the Head, Hands and Heart approach. This frame work allows children to cultivate essential skills, free their imagination and form habits that nurture both character and competence not in isolation, but as one integrated, living curriculum.

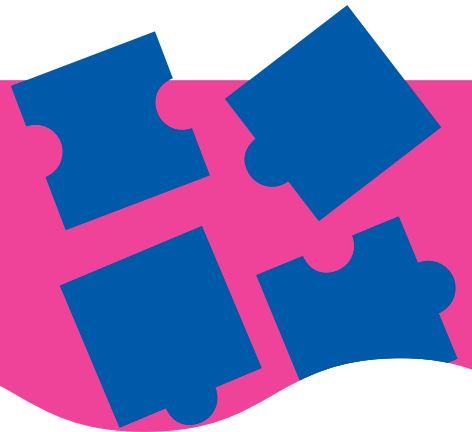

Learning by Doing

From a young age, children at FALH begin life skills training through immersive, joyful sessions in cooking, handwork and artwork. Our dynamic curriculum fosters communication fluency, real-world connection, concentration and reflective thinking woven through circle time, block play and storytelling sessions led by our expert educators.

*Daily schedules vary by age group and unit of inquiry.
This is an illustrative representation of a typical day at Fountainhead Avadh Learning Hub.

“ We don't rush childhood here.
We honour it.”

Spaces That Invite Exploration

Our dedicated play areas are designed to be as thoughtful as our classrooms safe, beautiful and genuinely engaging environments where children feel free to move, imagine and discover at their own pace.

Parents as Partners

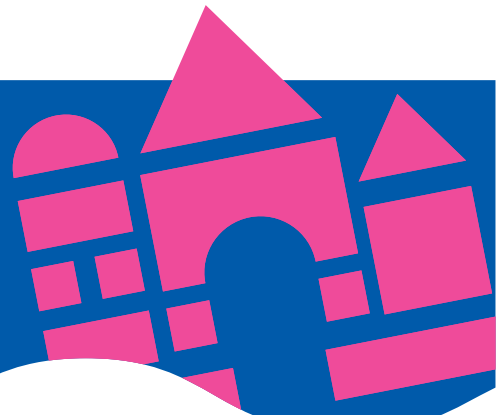

We believe that parents are not observers of their child's growth they are integral partners in it. We work closely with every family to ensure that the journey at school and the journey at home move in the same direction, supporting each child's academic and socio-emotional development together.

*Daily schedules vary by age group and unit of inquiry.

FASV Excellence

Inquiry-led, concept driven curriculum from Early Years through Graduation.

Extensive faculty development protocols from the Fountainhead system.

Seamless transition pathway from FALH for early enrolles.

Internationally benchmarked assessments and university preparation.

Premium campus befitting a globally minded parent community.

Envisioned residential school campus

THE FOUNTAINHEAD EXPANSION

A GROWING COMMUNITY OF LEARNERS

Surat

Chhatrapati Sambhajinagar

A fully established IB Continuum School developed through a meaningful collaboration with Wockhardt Global School - proof that the Fountainhead philosophy translates powerfully across geographies and communities.

Vapi

The Learning Hub introduces Vapi to the Fountainhead way of learning-hands-on, curious, and deeply meaningful. It is where community, culture, and the habits of genuine learning begin to take root, well before children take their first steps into formal school.

Will be extending the full Fountainhead IB continuum to the Vapi community, with the same calibre of faculty, facilities, and philosophy that families in Surat have trusted for over two decades.

The best of two worlds -
Fountainhead's academic rigour and
Avadh's deep-rooted community trust now in Vapi.

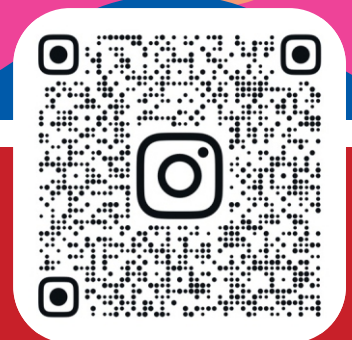

Creating nurturing environments where your child's earliest
years are given the care and attention they truly deserve.
